

Side Notes: When I put together this arrangement, I tried to capture the feelings of a teacher who was seeking the guidance of the Spirit. The song starts out in a sort of meditation and then ties in two of my favorite hymns about teaching. Whether we are called to be a teacher in our religious or family duties, or whether it is just teaching those around us by our example, if we seek the Lord's guidance and the Spirit will help direct us in what we should say and do. We should always strive to be an instrument "that is in tune", allowing the Lord to use us as His hands to help His children.
