

Side Notes: This song came to me as much of the world lifted pandemic restrictions, right around the time of the Russian invasion of Ukraine. The music felt like a prayer in some ways, where there would be a soprano or violin singing the melody. I decided to add this song as the ending to a book that I hope will bring peace and calm to everyone who plays or hears it. Whether you are a religious person or not, it's hard to deny there is a spiritual element which music has the ability to connect with and use to soften the hearts of others.
